

INFORMATION ABOUT THE CANDIDATES FOR THE AUDITOR OF THE COMPANY

The Energy Consulting Group is a leader of Russian audit and consulting market.

Since 2013 Energy Consulting has been a Principal Member Firm of the global audit network “HLB International”, a part of the HLB Russian Group, an association of independent HLB International member firms in Russia. According to ranking results compiled by IAB (International Accounting Bulletin), the HLB Russian Group ranks fifth in the list of largest Russian audit and consulting groups.

Founded in 2001, Energy Consulting provides a wide range of professional services in the field of audit under Russian Accounting Standards and IFRS, financial, tax and legal advisory, due diligence, business assessment, and cost consulting.

The Group renders management consulting services, including HR management, state administration, organizational design, investment projects, IT consulting and IT security services.

Energy Consulting renders a full-fledged set of services aimed at ERP systems design and implementation based on SAP AG & Sage Group solutions provided by leading global business software vendors. Energy Consulting implements SAP ERP and Sage ERP X3 solutions for large and medium-sized enterprises.

Energy Consulting has a wide experience in the implementation of large-scale integrated projects for oil and gas companies, metallurgical and coal industries, power and chemical plants, financial institutions, manufacturing and distribution companies, and government organizations.

Among the clients of the Group are such companies as TATNEFT, GAZPROM, LUKOIL, SIBUR, SURGUTNEFTEGAZ, ARMZ Uranium Holding Co. (JSC Atomredmetzoloto), TANECO, IDGC Holding, NLMK, ELECTROZAVOD, EUROKHIM, AUTOVAZ, OTEKO (United Transport - Forwarding Company), ZENIT Bank Group, URALSIB, National Insurance Group, Hals-Development, Bosco di Ciliegi, Honda Motor RUS, PROGRESS-ECOLOGIYA, and the Committee for Economic Policy & Strategic Planning of Saint-Petersburg.

Energy Consulting ensures the business efficiency of its clients by virtue of providing internationally-recognized professional services in Russia, in the CIS countries and in Europe. The advantage of Energy Consulting is stemming from an integrated approach to client's business services and risk management in the course of project implementation.

Energy Consulting as a part of the HLB Russian Group has been in the Top-10 of the national ranking of the largest auditing and consulting groups of Russia (Expert RA ranking) and the absolute leader in IT consulting (the line of management consulting) according to 2015 ranking results. Over 700 professional consultants and auditors have been employed in companies of the Group.

Energy Consulting is offices in Moscow with offices in Saint Petersburg, Kazan, Almet'yevsk, Leninogorsk, and Duesseldorf (Germany).
